

BIRD CARE

Certificate in Bird Care

Let your interest in bird care take off

Whether you are a bird enthusiast or exploring career options in the bird industry, this online course will equip you with the knowledge and skillsets necessary to be an effective bird keeper.

In this experience-based course, learn about the numerous bird species, their characteristics, challenges, and how to protect and train them. If you're seeking employment related to bird care, protection and maintenance, this course will help you accomplish tasks and projects that will provide in-depth insights and understanding of the bird industry.

Did you know?

There are about 800 bird species in Australia, among which Emus, parrots and cassowaries are the oldest endemic Australian birds.

ABOUT US

Courses4me is a new age online education company, with decades of experience in both the public and private education space. Our founders have a combined 27 years' experience in education and training and have come together to provide quality and affordable education for everyone that is looking to upskill.

Our network of partners and education providers now spreads across Australia, New Zealand and the UK. We offer hundreds of courses in a vast array of industries. From an introductory certificate to advanced courses and bespoke programs, students will receive the recognition, skills and industry insights to hit the ground running with confidence.

Endorsement

Courses4me has established a high level of respect in academic circles within a range of disciplines in Australia and beyond.

The courses are fully endorsed by The International Approval and Registration Centre (IARC) – a dynamic, non-profit association with head quarter and administration centre in Queensland, Australia.
